WHY CHOOSE GT AUTOMOTIVE ?

Our aim is simple; to provide the automotive industry with trusted, OE quality products at a competitive price.

GT Automotive is a quality-driven supplier specialising in the manufacture and distribution of automotive parts. We have partnered with several key manufacturers to bring competitively priced OE quality products to the UK and European markets. With these established partnerships, our portfolio is more extensive than ever, especially after our move in to suspension parts with Maysan Mando.

With a huge stock base in our Oxfordshire warehouse facility, GT Automotive can cover a vast range of applications with fast and efficient delivery. With core values of quality, service and product value at the heart of our expansion, GT Automotive is proud to be one of the up and coming brands in the UK market.

Manufacturing and OE Heritage

GT Automotive originates from the manufacture of engine components; having been involved in the production of camshafts for the global market for over 20 years. Over this time, we have worked with OEMs such as Ford, TVR, Nissan, Cummins and Scania to name just a few.

With years of experience and a wealth of expertise from OEM projects and wholesale distribution behind the team, GT Automotive camshafts have become a well-established product range, renowned for consistently high quality and a huge variety of applications.

GT Automotive is now applying this OEM experience and manufacturing knowledge to a wider range of quality products as we look to expand the GT brand in the aftermarket, adhering to the same principles of quality, service and value for every product we release.

At a glance... Why Choose GT Automotive?

- OE Quality, competitive prices- every time
- Thousands of UK car parc applications covered
- No quibble warranty on replacement part
- Quick access to the latest parts and applications
- Autocat certified for easy sourcing
- Trusted UK brand
- One location, one factory for each range giving full traceability
- Excellent customer and aftersales support
